'

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 1-5 are allowed.

Claims 1-5 are allowed because the prior art of record fails to disclose or suggest the inclusion of at least one current generating circuit for consuming a power supply current based on a third clock which is generated by removing some of the pulses from the first clock as recited in claim 1. The inclusion of a circuit structure of the at least one current generating circuit for consuming a power supply current based on a third clock which is generated by removing some of the pulses from the first clock defines patentability over the prior art of record because such a structure reduces a chance for reproducing data based on the observation of the consumed current waveform which is not taught by the prior art of record, alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Minh Nguyen whose telephone number is 571-272-1748. The examiner can normally be reached on Monday, Tuesday, Thursday, Friday 7:00-5:30.

Application/Control Number: 10/803,983

Art Unit: 2816

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Timothy Callahan can be reached on 571-272-1740. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
